"Where No One Stands Alone"

February 28, 2021

Hello Creek Choir students and parents. We hope everyone is fully recovered or recovering from the winter storm two week ago. We are incredibly thankful that there was no major damage to CCHS. Especially since this wasn't the case for a few houston-area schools. Please read below for some Spring Semester updates and let us know if you have any questions. Thanks!

Auditioning for Chamber Singers?

Chamber Singers in an additional choir class for those who are also in Symphonic Chorale. This means you will need to have space for 2 separate choir classes. Chamber Singers is called “Vocal Ensemble” on the course selection master list. We ask that returning Chamber Singers add vocal ensemble to their courses. If you are interested in auditioning for chamber singers, we ask that you select another elective that you are willing to take if you do not make the group. If you do make Chamber Singers, then your counselor will contact you over the summer to ask you which elective you want to drop in place of your second choir class. If you have any questions about this or you want to audition for chamber but you are unsure of how to fit 2 periods of choir in during the school year, come talk to us. Your choir directors are glorified counselors!
