

Virtual Audition Structure

There is only one deadline for entry into the All-State process

No late entries will be possible

Entries must be complete and correct by noon, 1 day prior to the audition recording window opening.

Cuts for each audition will be the same across every Region in the state.

Adjudication, Tabulation and Results will happen on Sat, Jan 9.

Student Responsibilities

Every student will need to obtain login information from their Director to the MusicFirst platform. Every student will have their OWN account.

Students will record their audition for an audition directly into the MusicFirst platform. Students will NOT be able to compare recordings should they choose to record more than once. Recording a new audition will erase any audition already recorded into the system.

Students may only submit recordings during the window of time allotted for an audition. If they do not click SUBMIT, there recording will not be "saved."

It's recommended for students to NOT use HEADPHONES while recording.

Once Students hit submit, it's forever done. No more re-submitting.
